### People and Pleasant Events

#### The Wagner Concert.

The "Wagner Concert" by Deal's Orchestral Band at the Y. M. C. A. tomorrow evening promises to be one of the musical events of the year. It is under the auspices of the woman's committee of the association and the ladies are especially anxious that it should be a financial success as well, as the band will share with the Y. M. C. A. in the proceeds, and Mr. Deal and his men have been more than kind to the association in many ways that it is desired some ample return should be made them. This popular and excellent band has been exceedingly generous to many beside the Y. M. C. A., having given their services to the Home of the Friendless, the Confederate Veterans and other organizations on occasions, and this should be remembered tomorrow evening, and an ovation given to them.

Paducah is very proud of this band which takes high rank, and in its Wagner specialties tomorrow night it will score another success.

#### Marries in Nashville.

The marriage of Hon. Max M. Hanberry, of Cadiz, formerly of Paducah, and Miss Cordie Francis, will take place this evening at the home of the bride's mother in Nashville. It will be a quiet affair, and only a few immediate friends will be present. They will reach Cadiz tomorrow, where they will reside.

Miss Hanna Cox, of West Trimble street, has returned from a visit to Clinton, Ky.

Contractor F. W. Katterjohn went to Cedar Bluff this morning to look over his stone quarries and will tonight go to Chicago on business.

Mr. Clarence Knowles, superintendent of water supply of the Louisville division, I. C., went to Princeton today on business.

Mrs. Richard Clements returned to the city this morning after visiting in Blandville.

Mr. A. Holderby, of Cairo, Ill., is at the New Richmond. He informed

##### The Flood Plays Many Pranks.

Rev. William Alexander Smith, prominent as the author of many works on Oriental Travel, has written an entertaining account of his experience in Kansas during the floods in 1902. He says:

"We lived a full mile from the nearest point of the Saline river but when the river overflowed it sent a flood clear into our doorway and we had to go about in boats, many of our neighbors suffering sad experiences both from loss of life and property."

"We—wife and myself—had an experience quite unique and thereby hangs a tale. My wife for years past, and myself as well, had been annoyed, pained and worried so greatly at times by dyspeptic trouble as to take much of the joy of living out of life."

"I had seen Postum so liberally spoken of and we suffered so much from coffee that one day, some months ago, I decided to try some Postum for ourselves. We liked its aroma and taste so we were satisfied from the start and we quit coffee."

"Gradually my digestive organs have grown healthier and stronger, my sick headache left and we both could eat almost what we pleased without discomfort."

"But was this a result of the discontinuance of tea and coffee?"

"The flood came and found us out of Postum and shut off from all supplies in the village for 8 days. But we got hold of some left over tea and a little coffee and this we used as long as it lasted. This was the only respect in which our meals were different from what we had been using but a change came over us. My wife thought I had more temper than grace while I, in my turn, thought—well, never mind, only she did not seem to appear to be the jolly creature she was before flood days. She said she did not rest well and that made her irritable and on my part I suffered pains in my digestive organs night and day that would have caused the meekest man 'to speak unadvisedly with his lips.'"

"Well, the clouds cleared away, the flood abated, dry land appeared and we made ready to visit the grocery store and my wife suggested that we needed more Postum. To tell the rest in a few words, when Postum came back the domestic atmosphere became more genial, in fact about normal. Our troubles and sick feelings disappeared and there can be no doubt they were due to tea and coffee for they quickly yielded when Postum was used in their place."
